Summary: The Station Fire has burned 231 square miles of land within the Angeles National Forest and near surrounding foothill communities of La Cañada Flintridge, La Crescenta, Acton, Soledad Canyon, Pasadena, Glendale and Sierra Madre. The goal of the Incident Management Team is to keep the fire west of Highway 39 and Angeles Crest Highway, east of Interstate 5, south of Highway 14, Pearblossom Highway, and Highway 138, and north of the foothill communities and the Angeles National Forest Boundary. The fire is moving into areas of the forest with no recorded fire history.
