Summary: The Station Fire has burned 226 square miles of land within the Angeles National Forest and near surrounding foothill communities of La Cañada Flintridge, La Crescenta, Acton, Soledad Canyon, Pasadena, Glendale and Sierra Madre. The goals of the firefighters are to keep the fire west of Highway 39 and Angeles Crest Highway, east of Interstate 5, south of Highway 14, Pearblossom Highway, and Highway 138, and north of the foothill communities and the Angeles National Forest Boundary. The fire is moving into areas of the forest with no recorded fire history. To date, helicopters have dropped 1.7 million gallons of water and 18,000 gallons of retardant. Air tankers have dropped 670,000 gallons of retardant and gel.
