

*I want to...*

*Facilitate open discussions between residents, City Hall, and downtown property owners to collaborate on viable, beneficial projects*

*Support the continued emphasis on the professional and technical training and development of our public safety and emergency staff*

*Encourage more families to participate in the programs and services provided through the YAC, Library, schools, and parks*

*Maintain local control of city services through continued strict fiscal management and a focus on new income generation*

*Attract more visitors to Sierra Madre events and businesses through expanded public relations campaigns*

*Advocate for Sierra Madre's success and well-being throughout Southern California and in Sacramento by making our voice heard in regional planning organizations and claiming our share of resources available from state and federal agencies*
