SUMMONS FOR COURT USE ONLY (SOLO PARA USO DE LA CORTE) (CITACION JUDICIAL) NOTICE TO DEFENDANT: CONFORMED COPY (AVISO AL DEMANDADO): OF ORIGINAL FILED Los Angeles Superior Court CITY OF SIERRA MADRE; and DOES 1 through 10, inclusive, MAY 06 2011 YOU ARE BEING SUED BY PLAINTIFF: (LO ESTÁ DEMANDANDO EL DEMANDANTE): Exepative Officer/Clerk JOHN CRAWFORD Deputy FLIR NOTICE! You have been sued. The court may decide against you without your being heard unless you respond within 30 days. Read the information below. You have 30 CALENDAR DAYS after this summons and legal papers are served on you to file a written response at this court and have a copy served on the plaintiff. A letter or phone call will not protect you. Your written response must be in proper legal form if you want the court to hear your case. There may be a court form that you can use for your response. You can find these court forms and more information at the California Courts Online Self-Help Center (www.courtinto.ca.gov/selfhelp), your county law library, or the counthouse nearest you. If you cannot pay the filing fee, ask the court clerk for a fee waiver form. If you do not file your response on time, you may lose the case by default, and your wages, money, and property

may be taken without further warning from the court. There are other legal requirements. You may want to call an attorney right away. If you do not know an attorney, you may want to call an attorney referral service. If you cannot afford an attorney, you may be eligible for free legal services from a nonprofil legal services program. You can locate these nonprofit groups at the California Legal Services Web site (*www.lawhelpcalifornia.org*), the California Courts Online Self-Help Center (*www.couttinfo.ca.gov/selfhelp*), or by contacting your local court or county bar association. **NOTE:** The court has a statutory lien for waived fees and costs on any settlement or arbitration award of \$10,000 or more in a civil case. The court's lien must be paid before the court will dismiss the case. *jAVISO! Lo han demandado.* Si no responde dentro de 30 días, la corte puede decidir en su contra sin escuchar su versión. Lea la información a continuación.

Tiene 30 DÍAS DE CALENDARIO después de que le entreguen esta citación y papeles legales para presentar una respuesta por escrito en esta corte y hacer que se entregue una copia al demandante. Una carta o una llamada telefónica no lo protegen. Su respuesta por escrito tiene que estar en formato legal correcto si desea que procesen su caso en la corte. Es posible que haya un formulario que usted pueda usar para su respuesta. Puede encontrar estos formularios de la corte y más información en el Centro de Ayuda de las Cortes de California (www.sucorte.ca.gov), en la biblioteca de leyes de su condado o en la corte que le quede más cerca. Si no puede pagar la cuota de presentación, pide al secretario de la corte que le dé un formulario de exención de pago de cuotas. Si no presenta su respuesta a tiempo, puede perder el caso por incumplimiento y la corte le podré quitar su sueldo, dinero y bienes sin más advertencia.

Hay otros requisitos legales. Es recomendable que llame a un abogado inmediatamente. Si no conoce a un abogado, puede llamar a un servicio de remisión a abogados. Si no puede pagar a un abogado, es posible que cumpla con los requisitos para obtener servicios legales gratuitos de un programa de servicios legales sin fines de lucro. Puede encontrar estos grupos sin fines de lucro en el sitio web de California Legal Services, (www.lawhelpcalifornia.org), en el Centro de Ayuda de las Cortes de California (www.sucorte.ca.gov) o poniendose en contacto con la corte o el colegio de abogados locales. AVISO: Por ley, la corte tiene derecho a reclamar las cuotas y los costos exentos por imponer un gravamen sobre cualquier recuperación de \$10,000 ó más de valor recibida mediante un acuerdo o una concesión de arbitreje en un caso de derecho civil. Tiene que pagar el gravamen de la corte antes de que la corte puede desechar el caso.

I. <u>NATURE OF THE CASE</u>

1

This case arises out of the City Council ("Council") of Sierra Madre's adoption of
 ordinance 1312 ("Ordinance") on January 11, 2011, significantly increasing water costumers'
 water rates. (See true and correct copy of the Ordinance attached hereto as Exhibit 1).

2. The water rate increase in the Ordinance "results in a cumulative four-year
increase of 32.40% - 36.87% depending on the [water] customer's consumption tier." (See true
and correct copy of Minutes of Sierra Madre Council Meeting (Nov. 23, 2010) at p.5 attached as
7 Exhibit 2).

8 3. On or about May 17, 2010, the City sent water customers and property owners a
 9 written notice ("Notice") that proposed a water rate increase. (See true and correct copy of
 10 Agenda Report for Sierra Madre Council Meeting (Jun. 22, 2010) at p.3 attached as Exhibit 3;
 10 see also true and correct copy of Notice attached as Exhibit 4).

11 4. The proposed water rate increase was extremely unpopular with the City's 12 residents. Upon information and belief, a near-majority of property owners and/or water 13 customers actually filed written protests demanding that the Council not proceed with the proposed water rate increase. Further, some of these same residents sent letters to the City 14 Manager challenging the proposed water rate increase on legal grounds. Multiple articles or 15 editorials criticizing the proposed water rate increase appeared in a local online newspaper. In 16 addition, many residents appeared at Council meetings to criticize the proposed water rate 17 increase and/or the City's inept handling of the process required for approval of the water rate 18 increase. Unfortunately, the residents' vocal and legitimate protests fell on the City's deaf ears. 19 (See discussion regarding residents' opposition to the water rate increase at Section V(B) below).

5. Prior to and at the time the City adopted the Ordinance, it circumvented both the
letter and spirit of California's Proposition 218 ("Proposition 218"). Proposition 218 amended
the California Constitution to "protect taxpayers by limiting the methods by which local
governments exact revenues from taxpayers without their consent." Cal. Const. Art. XIII D,
"Findings and Declarations."

Pursuant to Proposition 218, the City's Notice was legally inadequate for a
number of reasons including, without limitation, because it did not provide the "record owner of
each identified parcel" with: the actual amount of the proposed water rate increase; the basis for
the proposed water rate increase; the reason for the proposed water rate increase; and the date,
time and place of all of the hearings on the proposed water rate increase. (Cal. Const. Art. XIII
D, sec. 6(a)(1); see also discussion regarding inadequacy of the Notice at Section V(C) below).

7. Not surprisingly, many residents complained that the Notice confused them. (See 1 discussion regarding the residents' confusion at Section V(D) below). $\overline{2}$

8. Rather than correct the patent defects in the Notice, the Council implemented an 3 "educational outreach" program that proved to be a colossal failure. (See discussion regarding the "educational outreach" program at Section V(E) below).

5 9. Compounding the City's refusal to comply with Proposition 218 and the failed 6 "educational outreach" program, were misleading statements from City officials intended to 7 convince residents that the proposed water rate increase would be used primarily for infrastructural repairs and particularly the replacement of older water mains. (See discussion 8 regarding the City's misleading statements at Section V(F) below). 9

10. Incredibly, the Council continued to consider the proposed water rate increase at 10multiple Council meetings, and thereafter, adopted a water rate increase that was even different 11 from what was originally proposed without providing written notice to each "record owner" 12 including, without limitation, Petitioner (See discussion regarding the City's hearings on the 13 proposed water rate increase and the different water rate increase that was eventually adopted in Section V(G) below). 14

11. The City refused to accede to the reasonable demands of its residents not to 15 implement a water rate increase. Further, the City repeatedly violated the requirements of 16 Proposition 218, governing the procedures for approving a water rate increase. Accordingly, the 17 Court should invalidate the Ordinance and further declare that the City's actions complained of 18herein are unconstitutional, unlawful and void.

19

4

II. PARTIES

12. Petitioner John Crawford is a long-time resident of the City. He receives his water 20 from the City and is a water customer and water ratepayer. The Council previously appointed 21 him to serve and he did serve on a citizens' advisory board for the City's Utility Users' Tax. In 22 his spare time, he is the moderator of, and contributor to, the Sierra Madre Tattler ("Tattler") 23 website, which publishes articles and editorials focusing on local politics. (See 24 sierramadretattler.blogspot.com).

25 13. Respondent City of Sierra Madre is a municipality subject to the Court's power to compel compliance with a legal duty pursuant to Section 1085 of the California Code of Civil 26 Procedure. The City is located in the County of Los Angeles in the State of California. It 27 supplies and sells water to customers, including, without limitation, Petitioner, and sets water 28rates by ordinance.

1 14. Petitioner is unaware of the true names and capacities of respondents Does 1
 2 through 10, inclusive, and therefore sues these respondents by such fictitious names. Petitioner
 3 will amend his Petition and Complaint to allege these Does' true names and capacities when further information is ascertained.

_

III. JURISDICTION AND VENUE

5 15. The Court has jurisdiction over the matters alleged herein pursuant to California
6 Code of Civil Procedure Sections 1060 and 1085.

7 16. Venue is proper in this Court pursuant to the California Code of Civil Procedure
8 Section 394.

9

IV. STANDING FOR MANDAMUS AND DECLARATORY RELIEF

Petitioner is an aggrieved party and is beneficially interested in both the outcome
 of this litigation and the relief requested because he is injured by the City's adoption of the
 Ordinance on January 11, 2011. (See Ordinance attached as Exhibit 1).

12 18. The "Ordinance shall take effect thirty days after its passage and adoption
13 pursuant to California Government Code section 36937" [i.e., February 10, 2011]. "Rates
14 established by ... [the Ordinance] for Fiscal Year 2010-11 shall be effective July 1, 2011. (Id.).

15 19. In adopting the Ordinance, the City violated the procedural requirements of
Article XIII D of the California Constitution (i.e., Proposition 218) including, without
limitations, the requirements that: the City provide written notice to each "record owner" of the
amount of the water rate increase; the basis for the water rate increase; the reason for the water
rate increase; and the date, time and place of all hearings regarding the water rate increase. (Cal.
Const. Art. XIII D, sec. 6(a)(1); see also discussion regarding inadequacy of the Notice at Section
V(C) below).

20. The City chose to ignore the legitimate written and verbal protests against the
water rate increase from Petitioner and nearly two thousands others. The City further chose to
ignore Petitioner's repeated, written demands that it fully comply with Proposition 218's
procedural requirements. Petitioner has no other legal means for redress and accordingly, must
seek the relief available through this Petition for Writ of Mandate and Complaint for Declaratory
Relief. Absent the Court's intervention, Petitioner (and Sierra Madre's water customers) will be
forced to pay and to continue to pay the City's unconstitutional and unlawful water rate increase.

V. STATEMENT OF FACTS

1

2 A. The City Initiates A Process To Increase Water Rates 3 21. At its May 11, 2010, meeting, the Council voted to initiate a process to increase 4 water rates of its water customers. (See true and correct copy of Minutes of Sierra Madre Council Meeting (May 11, 2010) at pp.11-12 attached as Exhibit 5). 5 22. On or about May 17, 2010, the City sent the aforementioned Notice of the 6 proposed water rate increase to all its water customers as well as the property owners identified 7 on all water accounts (See Agenda Report for Sierra Council Meeting (Jun. 22, 2010) at p.3 8 attached as Exhibit 3). Initially, the City proposed a water rate increase resulting in a cumulative 9 five-year increase of 32.95% - 37.42%. (See Minutes of Sierra Madre Council Meeting (Nov. 10 23, 2010) at p.7 attached as Exhibit 2; see also Notice attached as Exhibit 4). **B**. The Proposed Water Rate Increase Was Extremely Unpopular With Many of 11 the City's Residents 12 23. The proposed water rate increase was extremely unpopular with many of the 13 City's residents. Upon information and belief, a near-majority of the water ratepayers and/or 14 owners of affected parcels (1719) filed written protests against the rate increase. (See true and 15 correct copy of the Minutes of Sierra Madre Council Meeting (Jul. 27, 2010) at p.6 attached as 16 Exhibit 6). 1724. Further, concerned citizens including, without limitation, Petitioner John Crawford, sent the City letters challenging the water rate increase on legal grounds and 18 demanding compliance with proposition 218. The City responded by simply acknowledging 19 receipt of these protest letters and never addressed the legal and policy arguments advanced 20therein. (True and accurate copies of those letters and the City's responses thereto are attached as 21 Exhibit 7). 22 25. Multiple, in-depth articles or editorials criticizing the proposed water rate increase 23 appeared on the Sierra Madre Tattler website, which is devoted to political and other matters of interest to Sierra Madreans.. See, e.g., 24 Clearing up a Few Misconceptions Regarding the Water Rate Protest (Mar. 4, 2011); 25 The Water Rate Protest: One Last Appeal to Reason Before We Take the City to Court 26 (Feb. 28, 2011). 27 Kurt Zimmerman's Notes from Saturday's Fundraiser (Jan. 31, 2011). 28 So Now There is Another Water Rate Hike on the Way? (Jan. 19, 2011).

	26. Numerous residents also spoke out at Council meetings criticizing the water rate
27	increase and/or the City's inept handling of the process required for approval of the water rate
28	increase. (See true and correct copy of Minutes of Sierra Madre Council Meeting (Jun. 22,

Verified Petition for Writ of Mandate and Complaint for Declaratory Relief

2010), at pp. 16-17 attached as Exhibit 9; see also true and correct copy of Minutes of Sierra
 Madre Council Meeting (Jul. 13, 2010) at pp. 7-12 attached as Exhibit 10; see also Minutes of
 Sierra Madre Council Meeting (Nov. 23, 2010) at pp. 9-10 attached as Exhibit 2).

27. Some of the residents found their impassioned speeches against the proposed water rate increase cut short by the intolerant former Mayor Joe Mosca. (See e.g., Minutes of Sierra Madre Council Meeting (Jun. 22, 2010) at pp.15-17 attached as Exhibit 9). Sadly, the residents' protests against the proposed water rate increase fell on the City's deaf ears.

C. The Notice That Was Sent To Water Customers And Property Owners, Including Without Limitation Petitioner, Did Not Satisfy Proposition 218's Constitutionally Mandated Notice Requirements.

Proposition 218 requires that the Notice to each record owner including, without
 limitation, Petitioner: identify the rate increase under consideration; specify the basis upon
 which the rate increase was calculated; state the reason for the rate increase; and provide the date,
 time and location of a public hearing on the rate increase.

- 13The amount of the fee or charge proposed to be imposed upon each parcel shall be14calculated. The agency shall provide written notice by mail of the proposed fee or charge15to the record owner of each identified parcel upon which the fee or charge is proposed for16imposition, the amount of the fee or charge proposed to be imposed on each, the basis17imposition, the amount of the proposed fee or charge was calculated, the reason for the18proposed fee or charge.
- 19 (Cal. Const. Art. XIII D, sec. 6(a)(1)).

20 As described below, the Notice did not comply with these requirements.

21

22

23

4

5

6

7

8

9

1. The Notice Did Not Provide Each Record Owner Including, Without Limitation Petitioner, With the Amount of the Proposed Water Rate Increase

24 29. First, the Notice did not provide each record owner with the amount of the
25 proposed water rate increase as required by Proposition 218. Instead, the Notice required each
26 "record owner" to estimate his/her/its respective, proposed water rate increase based on such
27 factors as the meter size and the application of a complicated, three-tiered, rate formula. (See
27 Notice attached as Exhibit 4).

30. The Notice did not specify each "record owner's" meter size nor did it contain any
 explanation for how to estimate the proposed water rate increase by applying the complicated, three tiered rate formula. (Id.) Absent that essential information, Petitioner, and, upon information and belief,
 many other "record owners" could not estimate the amount of his/her/its respective, proposed water rate
 increase.

31. In contrast to the "bare bones" Notice, Council Members were presented with detailed agenda reports, which devoted several pages to the complex process of calculating water rates under the proposed three-tiered rate formula. (See, e.g., true and correct copy of Agenda Report for Sierra Madre Council Meeting (May 11, 2010) at pp. 2-5 attached as Exhibit 11).

32. Similarly, the Notice stated that a discount was available for "low income." The Notice did not contain, however, a definition of the term "low income" or state the maximum amounts an individual or family could earn and still qualify for such a discount. (See Notice attached as Exhibit 4).

33. In addition, the Notice did not explain how proposed water rates would be calculated for
multi-family properties. For example, upon information and belief, a five-unit apartment complex using
34 ccf of water per month could be charged either at the higher Tier III rate for water consumption of 33
ccf or more, or at a lower rate based on dividing the 34 ccf by the total number of units. (Id.). Confusing
any water rate increase calculation even further, the Notice refers to monthly consumption charges, but
Sierra Madre sends its water ratepayers bimonthly bills.

18

6

7

8

9

10

11

12

34. In fact, the Minutes of the Council meeting on November 9, 2010, reflect that nearly six
 months after the Notice was sent, both a resident and a Council Member Moran were still questioning
 how the City calculated multi-family, water rate charges (See true and correct copy of Minutes of Sierra
 Madre Council Meeting (Nov. 9, 2010) pp. 13-14 attached as Exhibit 12).

- 22
- 23

2. The Notice Did Not Specify the Basis for the Proposed Water Rate Increase

35. Second, the Notice did not specify the basis for the water rate increase. (<u>Id.</u>) Upon
information and belief and as set forth in the Council's agenda report for the Council meeting on May
11, 2010, the basis for the water rate increase was, "a study, entitled City of Sierra Madre Water System
(WSPP)... [The WSPP] recommends adjustments to both the static meter charge for each customer
based on the size of their water meter, and an increase in the variable unit cost, based on the amount of

water used during each billing period." (See Agenda Report for Sierra Madre Council Meeting (May 11, 1 2010) at pp. 2-5 attached as Exhibit 11). 2

3 36. The WSPP, however, was not included as an attachment with the Notice, or even 4 mentioned in the Notice. (See Notice attached as Exhibit 4).

5

7

8

g

10

11

12

17

18

26

27

28

3. The Notice Did Not State the Reason for the Proposed Rate Increase

6 37. Third, the Notice did not state the reason for the proposed water rate increase as required by Proposition 218. In a circular fashion, the Notice stated, "the City imposes its water rates in order to fund the City's costs of operating and maintaining the water system, as well as to pay off the costs of improvements to that system." (Id.). Absent in the Notice, however, is the actual "reason" or "reasons" that the current level of water department funding is insufficient to accomplish these purposes and now must be increased. (Id.)

D. Many Residents Were Confused By the Notice

38. Not surprisingly, many residents appeared at Counsel meetings to complain that they 13 were confused by the Notice. (See, e.g., Minutes of Sierra Madre Council Meeting (Jun. 22, 2010) at 14 pp. 16-17 attached as Exhibit 9). Even Ms. Laurie Cooper, who upon information and belief, is a vocal 15 supporter of a water rate increase, addressed the Council at its November 9, 2010 meeting – nearly six 16 months after the water rate increase was proposed in the Notice – and asked that the "tier systems be explained again" because "many residents are confused." (See, e.g., Minutes of Sierra Madre Council Meeting (Nov. 9, 2010) at p.16 attached as Exhibit 12).

39. Indeed, at the City Council's meeting on June 22, 2010, no less than the former Mayor 19 and current Council Member Marianne MacGillivray conceded that there is a "level of confusion" 20regarding the proposed water rate increase. (See Minutes of Sierra Madre Council Meeting (Jun. 22, 212010) at p. 18 attached hereto as Exhibit 9). 22

40. Incredibly, the City's failure to include enough information in the Notice for the "record 23 owner" to calculate his/her/its own proposed water rate appears to have been deliberate. Upon 24 information and belief, Sierra Madre's City Attorney stated: 25

The fact that the [N]otice raised questions in people's minds indicates that it did exactly what a notice is supposed to do. It's not supposed to provide all the possible information. It's supposed to provide enough information that it causes people to want to find out more, and that's exactly what it did.

1 (A true and correct copy of the online article with the City Attorney's statement by B.Gazzar, Sierra Madre Residents Charge City Violated Law In Proposed Water Rate Hike Notice, 2 Pasadena Star News (Sep. 15, 2010) is attached as Exhibit 13.). 3 Е. The City Conducts An Educational Outreach Program That Failed 4 Miserably 5 41. The Notice did provide the date, time and place of one hearing for the proposed 6 water rate increase (i.e. the Council meeting on July 13, 2010). (See Notice attached as Exhibit 7 4). At that hearing, however, the Council chose not to approve any water rate increase.¹ Instead. 8 upon information and belief, former Mayor Joe Mosca determined to implement an "educational 9 outreach" program and to revisit a water rate increase at a later time. (See Minutes of Sierra Madre Council Meeting at p.14 (Jul. 13, 2010) attached as Exhibit 10). 10

42. Over the next few months, the Mayor's "educational outreach" program was
implemented. There were five outreach events held including an August 14, 2010 "Walk and
Talk, an August 17, 2010, Community Water Forum, a September 1, 2010 Community Water
Forum, a September 13, 2010 Community Water Forum, and a September 29, 2010 "Walk &
Talk." (See true and correct copy of Agenda Report for Sierra Madre Council Meeting (Oct. 19,
2010) at p.2 attached as Exhibit 14.).

16 43. The "educational outreach" program was a colossal failure. The first "Walk &
17 Talk Event" on August 14, 2010 had only about 100 participants. The remaining four events had
18 a total of only 100 participants (i.e., an average of 25 participants per event). (Id.at p. 2). Upon
19 information and belief, many of the participants at these educational outreach events were
actually children.

20 21

Proposition 218 requires the City to "conduct a public hearing upon the proposed fee or charge not less than 45 days after mailing the notice of the proposed fee or charge to the record owners of each identified
 parcel upon which the fee or charge is proposed for imposition. At the public hearing, the agency shall consider all protests against the proposed fee or charge. If written protests against the proposed fee or

(Continued...)

²⁴ charge are presented by a majority of owners of the identified parcels, the agency shall not impose the fee or charge." (Cal. Const. Art. XIII D, sec. 6 (a)(2). At the City Council meeting on July 13, 2010, the City clerk presented the Council with her tabulation showing that there was a sufficient number (1829) of

written protests to defeat the proposed rate increase. (See Sierra Madre Council Minutes (Jul. 13, 2010) at p. 2 attached as Exhibit 10). Obviously, disatissified, with the tabulation, the Mayor directed the Clerk to verify the results with City Staff. (Id. at p. 14). Thereafter, numerous written protests were invalidated and it was subsequently determined that there was no longer the majority of protests required to defeat the

F. City Officials Made Misleading Statements Intended To Convince Residents That The Water Rate Increase Was Primarily Intended For Infrastructural Improvements And To Replace Older Water Mains.

4 44. Compounding the City's refusal to comply with the detailed procedural requirements of
Proposition 218 and its failed "educational outreach" program, were the City's frequent and misleading
pronouncements that the proposed water rate increase would be used primarily for infrastructural repairs
and particularly the replacement of older water mains, instead of the service of water bond and other deb
obligations.

45. Upon information and belief, the City Manager stated that, "payments routinely made on
outstanding bond debt and associated interest are part of the city's ongoing water costs, <u>but that the</u>
proposed rate hike is needed primarily to fund improvements to water infrastructure." (See true
and accurate copy of online article by J. Stephens, *City Announces Special Water Rate Meeting*, Sierra
Madre Patch (Oct. 7, 2010) attached as Exhibit 15; <u>emphasis supplied</u>).

46. The City Manager also addressed the Council at its meeting on June 22, 2010, wherein
the proposed water rate increase was being discussed, stating "the water mains [need to be] replaced."
(See Minutes of Sierra Madre Council Meeting (June 22, 2010) at p. 14 attached as Exhibit 9).

47. At that same Council meeting on June 22, 2010, wherein the proposed water rate increase
 was being discussed, the City's Director of Public Works stated "we need to address water main
 replacement. We need funds for water mains." (<u>Id.</u> at p. 18).

48. At a later Council meeting, Council Member Moran even claimed that the water rate
increase would provide "\$500,000 for water mains and capital projects." (See Minutes of Sierra Madre
Council Meeting (Nov, 9, 2010), at p. 15 attached as Exhibit 12).

49. Moreover, upon information and belief, at the Council meeting where the
Ordinance was adopted by second reading, former Mayor Joe Mosca stated before casting his
vote in favor of adopting the Ordinance that "a lot of the water mains need to be fixed up." (See
streaming videotape of Sierra Madre Council meeting (Jan. 11, 2011) at

25 http://kgem.tv/2011/01/sierra-madre-city-council-january-11-2011/.

26

(...Continued)

proposed water rate increase. (See Sierra Madre Council Minutes (July 27, 2010) p. 6 attached as Exhibit
 6).

50. Then too, a story about a broken water main and the need for a water rate increase
 to effect infrastructural repairs appeared in a local newspaper while the proposed water rate
 increase was under consideration by the Council (See true and accurate copy of article by T.
 Miller, *Water Rate Increase on Hold Thanks to Residents Outcry*, Sierra Madre Weekly (Oct. 9, 2010) attached as Exhibit 16).

5

6

10

11

12

13

14

51. The City's own documents, however, belie its repeated claims that it ever intended the proposed water rate increase to address aging infrastructure and replace water mains.

52. For example, in a letter addressed to a resident and dated August 26, 2010, the City
Manager conceded that the money generated from the water rate increase, if approved, would be
insufficient to make capital improvements including water main replacement. In her own words:

The proposed rate increase is enough to meet the requirements of the City's existing debt obligations and to begin rebuilding the water fund reserve. It is not enough to fund a pay-as-yougo capital improvement program. Funding a capital improvement program to begin immediate replacement of deteriorated water mains (for example) would require a rate increase significantly higher than what was proposed earlier this year.

(A true and accurate copy of Letter from City Manager E. Aguilar to Resident E. Richey (Aug. 26, 2010)
 attached as Exhibit 17).

53. Further, upon information and belief, the City made a PowerPoint presentation to
interested residents in October 2010 entitled "The 411 on H20." A PowerPoint slide in that presentation
corroborated what the City Manager wrote in her letter to the resident. The first "bullet point" in the
slide stated "[t]he proposed rate increase did not provide for a pay-as-you go capital improvement
program." The second bullet point stated "[t]he proposed rate increased [*sic*] covered only the bond
requirements and projected increases in operational expenses." (A true and accurate copy of the slides
from the presentation, which appear on p.9, is attached as Exhibit 18).

54. More recently, the Council took action indicating that it did not intend to use the revenue
from the water rate increase monies to replace water mains. At the Council meeting on April 12, 2011,
the Council by a vote of five to zero approved a proposal in the amount of \$38,300 from an engineering
firm to design a water main replacement project. The Minutes of that Meeting reflect that the City had
already allocated \$750,000 of redevelopment funds (i.e., not funding from the approved water rate
increase) for the water main replacement project. (See Minutes of Sierra Madre Council Meeting (Apr.
12, 2011) at pp. 22-23 attached as Exhibit 19).

55. Upon information and belief, many residents were mislead into believing that the revenue from the water rate increase would be used primarily to replace the water mains instead of satisfying water bond and other debt obligations. Indeed, at the Council's November 9, 2010 meeting, former Mayor and Council Member MacGillivray observed that with respect to the City's handling of the water rate increase process, "[p]eople felt misled." (<u>See</u> Minutes of Sierra Madre Council Meeting (Nov. 9, 2010) at p. 15 attached as Exhibit 12).

G. The Council Reconsiders The Proposed Water Rate Increase Without Providing The Required Written Notice Under Proposition 218

56. As mentioned above, after determining not to pass a water rate increase at the July
13, 2010 Council meeting (See, para. 41 and n.1 above), the Council then reconsidered the
proposed water rate increase at multiple Council meetings. The City, however, did not provide
each "record owner" with written notice of the "amount of" the proposed increase "to be
imposed." Moreover, the City did not provide each "record owner" with written notice of the
date, time and location of all public hearings, where it was reconsidered as required by
Proposition 218. (Cal. Const. Art. XIII D, sec. 6(a)(1)).

14 57. The Council's decision not to send out additional notices regarding the proposed 15 water rate increase, pursuant to Proposition 218, was no mere oversight. Council Member Moran, for one, argued that mailing out new notices pursuant to Proposition 218, "would be a 16 waste of the City's staff time," (See Minutes of Sierra Madre Council (Nov. 9, 2010) at p. 16 17 attached as Exhibit 12). Upon information and belief, Council Member Moran also stated that it 18 would be "fiscally irresponsible" to spend \$9,000 on postage and labor. (See streaming 19 videotape of Sierra Madre Council meeting (Jan. 11, 2011) at http://kgem.tv/2011/01/sierra-20madre-city-council-january-11-2011/.

58. Former Mayor Mosca was likewise opposed to mailing out new notices regarding
the proposed water rate increase and cautioned his fellow Council Members against "not get[ting]
buried in the [Proposition 218] process." (See Minutes of Sierra Madre Council Meeting (Nov.
9, 2010) at p 16 attached as Exhibit 12).

59. The Council reconsidered the proposed water rate increase on July 27, 2010. The City, however, did not provide each "record owner" with written notice of the "amount of" the proposed water rate increase "to be imposed." Moreover, the City did not provide each "record owner" with written notice of the basis and reason for the proposed water rate increase nor the date, time and location of the public hearing on July 27, 2010, as required by Proposition 218. [Cal. Const. Art. XIII D, sec. 6(a)(1); see also Minutes of Council Meeting (July 27, 2010) at
 pp.9-14 attached as Exhibit 6.)

60. The Council reconsidered the proposed water rate increase on October 26, 2010.
The City, however, did not provide each "record owner" with written notice of the "amount of"
the proposed water rate increase "to be imposed." Moreover, the City did not provide each
"record owner" with written notice of the basis and reason for the proposed water rate increase
nor the date, time and location of that public hearing on October 26, 2010, as required by
Proposition 218. (Cal. Const. Art. XIII D, sec. 6(a)(1); see also true and correct copy of Minutes
of Council Meeting (Oct.26, 2010) at pp.5-13 attached as Exhibit 20).

9 61. The Council reconsidered the proposed water rate increase on November 9, 2010.
10 The City, however, did not provide each "record owner" with written notice of the "amount of"
11 the proposed water rate increase "to be imposed." Moreover, the City did not provide each
11 "record owner" with written notice of the basis and reason for the proposed water rate increase,
12 nor the date, time and location of that public hearing on November 9, 2010, as required by
13 Proposition 218. (Cal. Const. Art. XIII D, sec. 6(a)(1); see also Minutes of Council Meeting
14 (Nov. 9, 2010) at pp. 4-16 attached as Exhibit 12.).

62. Worse still, at the November 23, 2010 Council meeting, the Council actually 15 determined to approve and did approve by first reading an Ordinance incorporating an entirely 16 different water rate increase than what was first proposed on May 17, 2010. The City, however, 17 did not provide each "record owner" with written notice of the "amount of" this different 18 proposed water rate increase "to be imposed," Moreover, the City did not provide each "record 19 owner" with written notice of the date, time and location of that public hearing On November 23, 2010, as required by Proposition 218. (Cal. Const. Art. XIII D, sec. 6(a)(1); see also Minutes of 20Council Meeting (Nov. 23, 2011) at pp. 4-13 attached as Exhibit 2). 21

63. Finally, at the January 11, 2011 Council meeting, the Council adopted the 22 Ordinance incorporating the entirely different rate increase approved by the Council on 23 November 23, 2010. The City, however, did not provide each "record owner" with written notice 24 of the "amount of" this different proposed water rate increase "to be imposed." Moreover, the 25 City did not provide each "record owner" with written notice of the date, time and location of 26 that public hearing on January 11, 2011, as required by Proposition 218. (Cal. Const. Art. XIII D, sec. 6(a)(1)); see also true and accurate copy of Minutes of Sierra Madre Council Meeting 27(Jan 11. 2011) at pp. 7-13 attached as Exhibit 21). 28

64. The new proposed rate increase incorporated in the Ordinance is "a cumulative
 four-year increase of 32.40% - 36.87% (Id. at pp. 5, 7), instead of the cumulative five-year
 increase of 32.95% - 37.42% first proposed on May 17, 2010. See Minutes of Sierra Madre
 Council Meeting (Nov. 23, 2010) at p.7 attached as Exhibit 2)

65. upon information and belief, the City's failure to provide adequate written notice
prompted Council Member MacGillivray at the council meeting on October 26, 2010, to observe
that "[w]hat was expressed is that the public was not properly notified nor given the information
they needed." (See Minutes of Sierra Madre Council Meeting (Oct. 26, 2010) at p.7 attached as
Exhibit 20.)

66. At the Council meeting on November 23, 2010, Council Member MacGillivray
would also state that, "the people of Sierra Madre, the ratepayers, were not entrusted [by the
City] with a full disclosure and information related to the need for water rate increases." (See
Minutes of Sierra Madre Council (Nov. 23, 2010) at p. 11 attached as Exhibit 2).

67. Upon information and belief, in contravention of the Proposition 218's notice
requirements, the first time many water customers in Sierra Madre will have notice of the newly enacted
water rate increase will be after it takes effect on July 1, 2011, and they receive their considerably
inflated water rate bills.

FIRST CAUSE OF ACTION

(Writ of Mandate, Cal. Code of Civ. Proc. Section 1085)

18 (Actions Taken By the City to Increase the Water Service Rates Are Contrary to Law Because
 19 They Violate the California Constitution As Amended By Proposition 218)

68. Paragraphs 1 through 67 are incorporated by reference as though fully set forth herein.

69. This is a petition for writ of mandate seeking an order from the Court invalidating the City's Ordinance and is authorized by California Code of Civil Procedure Section 1085.

70. The City adopted the Ordinance increasing water rates in the City in violation of Article
 XIII D of the California Constitution (i.e., Proposition 218). The City failed to comply with the written
 notice requirements of Proposition 218 by not providing affected property owners with adequate notice
 of the proposed increased water rate, the different water rate increase that was finally adopted and each
 hearing where such water rate increases were considered, as set forth above.

21

1	SECOND CAUSE OF ACTION				
2	(For Declaratory Relief CCP Section 1060)				
3	71. Paragraphs 1 through 70 are incorporated by reference as though fully set forth herein.				
4 5	72. The Ordinance is unlawful and arbitrarily and capriciously adopted in violation of Article XIII D of the California Constitution (<u>i.e.</u> Proposition 218).				
6	 73. On information and belief, the City disputes the assertions, and claims instead that it has 				
7	complied with the requirements of Proposition 218 and California law and accordingly, its passage of				
° 9	the Ordinance and the Ordinance itself are valid and lawful.				
0	74. There is an actual justiciable controversy over whether the City's actions are lawful. Failure to resolve this dispute will injure Petitioner as well as other water customers.				
1 2	75. The Court should declare that the City's actions in adopting the Ordinance violate Article XIII D of the California Constitution.				
3 4	PRAYER FOR RELIEF				
5	Wherefore, Petitioner John Crawford requests relief as follows:				
6	1. For a Writ of Mandate to be issued under California Code of Civil Procedure Section 1085, under the seal of this Court, invalidating the City of Sierra Madre's Ordinance No. 1312.				
7 8 9	2. For a declaration that the City's actions described herein and in the attached exhibits are unconstitutional, unlawful and thus, void.				
)	3. That the Court maintain jurisdiction over this action to effectuate the Court's declaration.				
1	4. That the Court award Petitioner John Crawford his costs, expenses and attorney's fees that he has incurred in pursuit of this action.				
3	5. That the Court grant Petitioner John Crawford such other and further relief as the Court deems				
4	just and proper.				
5	Dated: By: KWI Zu				
6	Kurt Zimmerman				
7	Attorney for Petitioner John Crawford
