Who We Are...

Dr. Deborah Smith and Dr. Joseph Pavlik, have a combined 50 years experience in small animal veterinary medicine. They joined efforts in 1997 to acquire [Hastings Animal Hospital](#) and fulfill the dream of a full service hospital that still has the personal touch of a "neighborhood" veterinary practice. Hastings Animal Hospital offers the most current veterinary knowledge and technology, unsurpassed tender and compassionate care for your pets, and the highest standards of professional customer service and respect for our clients. Our continuing goal is to be the veterinary hospital that best meets the needs of our patients and their owners, serving Sierra Madre, Hastings Ranch, Arcadia and East Pasadena.

At Hastings Animal Hospital, your pet's comfort is our top priority. Drop off appointments can be arranged, if needed to accommodate our clients with busy schedules and we now have later appointment times available on Tuesday evenings on an as needed basis.

Meet the Doctors...

Dr. Pavlik, a University of Nebraska graduate with over 30 years experience in the San Gabriel Valley, works full-time at our sister hospital, Community Companion Animal Hospital, in Temple City and manages the Emergency Clinic of San Gabriel Valley. He lives with his family in Arcadia.

Dr. Smith graduated from U.C. Davis and has been practicing small animal medicine and surgery since 1989. She has a special interest in alternative therapies including Traditional Chinese Veterinary Medicine. She completed the International Veterinary Acupuncture Society program in Acupuncture and has undergone studies in Chinese Herbal Medicine with the Chi Institute.
