Dear Chief Tracy and Members of S. M. F. D.

There comes a time in every man's life when he must choose to fight for what he believes is right. To make a stand against tyranny and do their part to undo wrongs that are thrust upon mankind.

Some men choose to take up arms against their oppressor or do battle with a dictator that has brought harm to them or their people. I choose to go to Cleveland and join in a Million Fan March.

On Sunday, December 17th, Browns fans from all over the world will join together and converge upon Cleveland Municipal Stadium and our arch rival, the Evil Arthur Modell, in a show of solidarity and strength against his proposed move of the Browns to Baltimore.

Knowing that our actions will have little or no influence on the future of football in Cleveland, we will all end up piss drunk in the snow, crying, and saying things like, remember when..., remember the year..., or, I hope Modell dies of...

It is for the reasons mentioned that I ask, no, imploring you to grant me a leave of absence from December 15th thro December 20th so I can fulfill my destiny in this war with the dreaded Monster Modell to save our Browns. As always, I will miss you all dearly.

Sincerely -
Chris Morrison

P.S. Of course I will be attending what could be the Browns last game in Cleveland against Cincinnati. Look for me in the Dawg Pound - GO BROWNS!
